TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

W B DAVENPORT,
General Ticket Agent, St. Louis.

It Don't Pay.

The *Sentinel* is out in a few columns of abuse again of Republicans Democrats, high and low of all degree, age and condition. It is even defending the letter m measurement and makes ugly charges against the *News*, though that paper has distinctly denied the charges on several occasions. Well, no one is hurt. Let the *News* go on, do the printing up as promptly as it did this year, give us full news reports of the Legislature and keep right on. Nobody cares for this controversy and the *News* has already been put right on the record. Let it slide bro. Stone. It don't pay to deny the same thing a hundred times, and even the Republicans are willing to patronize your paper for the news it contains.

The outrage at Huntington, Long Island, is one of the most shocking and cold-blooded we have ever known. The outrages by the Kuklux pale before the diabolical acts of a handfull of men in that now famous town. It seems that a young man by the name of Kelsey was accused of annoying one Miss Smith by his persistent attentions, and her friends, including one Sammis, who has since married Miss Smith, determined to put a stop to it, and they did most effectually. One night last Fall young Kelsey was decoyed from his house, stripped, tarred and feathered by the ruffians who had taken the law into their own hands, and then, to make his humiliation more complete, forced him into the yard near the house and called out Miss Smith and other ladies (?) to witness the outrage. They then left with their victim, who has never been seen alive since. Marks of a struggle were seen in the rear of his residence, and the track of a wagon to the sea, and that was all. But an avenging God would not always remain silent, and a portion of the body of the unfortunate man was found floating in the water and towed ashore, where, by the clothing and a small gold watch chain, the remains were fully identified. From the evidence and tests of science it is shown that the victim had been most horribly mutilated before death, and from the appearances he must have bled to death, and his body anchored in the deep water. The history of the recovery of the body and the investigation by the coroner is one of the most horrible specimens of human depravity we have read in many a day.

It is to be hoped, now that the whole country round about is aroused, that this investigation will be rigid and all-searching, and that the guilty may be brought to the punishment they so richly deserve. In such a case as this it seems as though the old law of "an eye for an eye and a tooth for a tooth" would be salutary.

Some months since Mr. Charles G. Kelsey, of Huntington, Long Island, was tarred and feathered by a company of humorous fellow-townsmen, since which hour he has totally disappeared. His friends insisted that he had been murdered as well as maltreated, but no positive evidence of the latter crime could be found. A day or two since, however, a body was found in Oyster Bay, which has been fully identified as that of the missing man; and the probability is that the comic rustics who thought it so admirable a joke to torture a defenceless man, will find that their comedy is about to turn into a very serious tragedy.

Kelsey's alleged offence was the writing of grossly indecent letters to a young lady whom he desired to marry. In itself, this was an almost incredible story; but, as it now appears, there is really no evidence at all that he wrote the letters in question. They were not signed with his name, the handwriting is asserted by his brothers to be a clumsy forgery, and the fact that, after his disappearance—now known to be simultaneous with his death—several additional letters were received by the young lady in question, is conclusive that some miscreant was playing the dangerous game of forgery. It is sufficiently difficult to believe that a man of education and refinement should undertake to woo a woman with indecent letters, but that he should persist in this course after his death, is altogether too much even for the credulity of the average rural humorist.

We shall probably soon know the whole truth in this matter. Enough, however, is already known to stamp with lasting disgrace the "prominent citizens of Huntington" who were guilty, either as participants or spectators, in the cowardly cruelties that preceded Kelsey's death.—*Graphic.*

A piece of watch chain furnished the links in a chain of evidence identifying the body of Charles G. Kelsey, recently murdered on Long Island.

EDITORIAL BUDGET.

— General E. Whittlesey, formerly the Commissioner of the Bureau in this State, has been appointed commissioner to attend payments of the Chippewas of Lake Superior.

— Ned O'Baldwin, the Irish giant, was tried in the Quarter Sessions in Philadelphia, on a charge of entering a house in the night time with intent to kill. Henry J. Clark was the complainant. The evidence failed, and the prisoner was acquitted of the charge. He was not released, however, as there is another charge pending against him. The giant has been dwelling in prison for some weeks past.

— A Kingston, N. Y., dispatch says a straggler has been identified by a lady residing near Acra, Greene county, as Bender, the Kansas murderer. He stopped at her house for something to eat, and when asked if he was Bender hastily left for the mountains. The mountains are now being searched.

— Advices to the Louisville *Courier-Journal* from C. E. Merrill, its special correspondent, detailed to investigate the Ku-Klux outrages in Owen, Henry and Franklin counties, Ky., states that he, assisted by several citizens of Owen county, on Saturday captured two men charged with being concerned in the murder of Gen. Wilson on the Brown plantation. One of the parties arrested will turn State's evidence. It is reported that ten more are arrested in Owen and Henry counties charged with belonging to the Ku-Klux.

— Some days since J. E. White, a prominent citizen, was arrested on a charge of horse stealing, at Memphis, Tenn., and within a few days subsequent no less than a dozen specific charges for similar offenses were made public. He was committed for trial without bail. Sunday his wife called to see him, and after spending about half an hour with him came to the gate and asked to be let out. When the guard opened the gate White presented a cocked revolver at his head and cried, "Let me out or die." The guard sprang back and White darted out and mounted a horse which was in waiting, and dashed off before the alarm could be given. Pursuit was given as early as possible, but up to dark he had not been recaptured. His wife had carried the revolver in her panier to him and had the horse waiting. She was arrested.

— There was a great deal of excitement on Wall street, Saturday, both in gold and stocks. It was reported that the clique for bulling gold had gone into liquidation, the decline having been continued as an evidence of it, and the price at one time during the day fell to 12⅞, but afterward rallied and closed at 13¼. Before noon rumors that the bank statement would be even more unfavorable than expected were current, and the time the statement came out the excitement increased and there was a rush to sell stocks; money also advancing to 7 per cent. gold and commission. There was no abatement in the excitement until near the close of bank hours, when a quieter tone characterized the market. During the excited times of the day, failures were rumored, but the day closed without corroboration of them. The foundation of these rumors, it is said, was that the gold clique did not provide for carrying all their gold until after the usual hour. From this it would appear that the clique had not succeeded in selling their gold. Bankers seem to think that the worst of the flurry is over, and that the disruption of the gold clique will leave plain sailing for all during autumn. The day closed with the street full of rumors, but the market was comparatively quiet.

— The official report of Gen. Custer of the Tongue river and Big Horn fights is published. The first fight occurred on the 4th of August. The General says the superiority of our enemies in numbers, the long distance separating us from the main command, and the belief, afterward verified, that the woods above concealed a portion of the savage forces, induced me to confine my movements strictly to the defensive. The Indians outnumbered our troops five to one. Every available officer and man was in the skirmish line, which was in reality our battle line. The Indians displayed unusual boldness, frequently charging upon the lines, and firing with great deliberation and accuracy. The fight began at 11:30 a. m., and was waged without cessation until 3 o'clock. Finally a charge was ordered, when the Indians, notwithstanding their superiority in numbers, fled, and were driven pell-mell three miles. In their flight the Indians threw away breech-loaders, saddle equipments, clothes, lariats, and articles of Indian outfit.

The battle of Big Horn took place on the 11th of August, when Indians appeared in strong force on the river bank, opposite to where Custer's command was encamped, and opened a brisk fire, bodies of savages at the same time crossing above and below the troops.

The command was properly distributed to resist all attacks, and when everything was in readiness for a general advance a charge was ordered, and the squadron took the gallop to the tune of "Garry Owen." The Indians had evidently come out prepared to do their best, and with no misgivings as to their success, as mounds and high bluffs beyond the river were covered with groups of squaws, old men, and children, who had collected there to witness our destruction.

The squadrons advanced to charge, when the Indians exhibited unmistakable signs of commotion, and their resistance became more feeble, until, finally satisfied of the earnestness of our attack, they turned their ponies' heads and began a disorderly flight. The chase was continued with the utmost rigor until the Indians were completely dispersed and driven a distance of nine miles from where the engagement took place, and they were forced back across the Yellowstone. The last pony killed in the fight was shot fully eight miles from the point of attack. The number of Indians opposed to us has been estimated by various officers engaged as from 800 to 1,000. My command numbered 450 officers and men. Our losses were one officer badly wounded, four men killed, and three wounded, four horses killed and four wounded. A careful investigation justifies the statement that, including both days' battles, the Indians' losses will number forty warriors, while their wounded on the opposite bank of the river may increase this number.

MISS OR MRS?

BY WILKIE COLLINS.
NO AMOUNT OF MECHANICAL INGENUITY would account by itself for the popularity of Mr. Collins' works. He writes in an admirable style; he is thoroughly in earnest in his desire to please; his humor, though distinctly fashioned on a model Mr. Dickens invented and popularized, is better sustained and less fantastic and affected than anything which Mr. Dickens has of late years produced.

OTTO SCHUTZE,
Observer, U. S A.

READ Mr. Sanders' law card in to-day's POST.

THE RAIN comes down to-day just as easy and wet as possible. Umbrellas are in demand.

FESTIVAL.—There will be a Festival next week, Tuesday and Wednesday, at the City Hall, for the benefit of Giblem Lodge.

THE Gem Saloon is advertised in to-days POST. Mr. Morrill, the proprietor, is a good caterer and one who fully understands his business.

WE NOTICED some of those "genuine Africans" who lately came to this city on a vessel, before 'Squire Gardner to-day. They are learning the "ways that are vain" rapidly.

STORM.—There is a terrific Northeast gale blowing to-day, and the weather-wise say we are to have a heavy storm. We certainly hope we will have no wrecks to chronicle.

BIVALVULAR HAPPINESS.—Oysters are making their appearance in our midst, and we rejoice. Oh for a railroad to New River, that we might have them "extra fresh."

MAGISTRATE'S COURT.—Before W. H. Moore, J. P.—John Shutes, charged with larceny, was bound over to the October term of the Superior Court in the sum of one hundred dollars.

CITY IMPROVEMENTS.—The Marshal is now engaged in grading and putting down sewers on Dickinson street. Let the good work go on. The labor on Castle street is finished, except the saw-dusting. Fifth street will also be thoroughly saw-dusted from Red Cross to Castle.

PERSONAL.—Mr. B. F. Mitchell accompanied by his son Mr. David Mitchell left this morning for the principal Northern and Western cities. They also intend going into Canada and will probably be gone six or eight weeks. Mr. J. C. Baily also left for an extended tour over the North. We wish the parties more pleasure than they anticipact.

NATIONAL HOTEL.—Mr. Reuben Jones, the proprietor of this popular hotel, has commenced the work of alterations spoken of some time ago in the POST. The lower floor will be brought down to the level of the walk, and the portion now used for an office, changed to a store. The new office will be where the dining room now is, and the new dining room will be on the second floor. When these changes are effected, this will be one of the most convenient hotels in the city.

ST. STEPHEN'S CHURCH.—There will be a concert and other attractions by the Sabbath School children of this church next week—Thursday and Friday. These children, under the superintendency of Mr. J. C. Hill, have made great progress in music and other improvements, and the occasions will be one of great interest to their friends and indeed to all who are interested in the improvement of the colored youth.

AUTUMN.—The chilly rains of the season seem to be upon us. Woolen clothes are necessary to comfort to-day, and white linen suits are nowhere to be seen. Winter is not here, however, and we anticipate many "awful hot" days yet, and then look out for the fevers of this latitude. This section has been so healthy this year, that we are apt to forget our dangers, but we hope our worthy Marshal and his assistants, the health officers, will compel the people to keep their premises clean. Let them labor with increased vigilance until all danger of disease and suffering be passed, and the people will rise up and call them blessed.

The waters of the Congress, Empire, High Rock and Geyser are bottled extensively and sent to all parts of the country. The waters of the Star spring is put up in barrels and sent away.

THE TOWN CRIER.

— Wet.

— Gold is 112.

— Delightful weather.

— Business is brightening.

— Mosquitoes have not decreased.

— St. John's Lodge meets to-night for labor in the Second degree.

— Young mens' voices sound sweetly at night—when they sing.

— Heinsberger's changes are great improvements in the live book store.

— Grapes are now in the full tide of their goodness.

— The POST is always happy to welcome new and old subscribers.

— No Northern mail on Monday nights.

— The Wilmington Concert Club is improving rapidly.

— Water works and pavements! Will we ever live to see them?

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

Alexander Martin, charged with larceny, was bound over to the Superior Court.

Fred. Myers, charged with keeping a disorderly house, was continued until to-morrow.

Sarah Myers, charged with insulting and interfering with a policeman in the discharge of his duty, was also continued until to-morrow.

James Record, with selling liquor on Sunday, 7th inst., was also continued until to-morrow.

SNAKES.—'Squire Wagner killed two rattlesnakes yesterday, while out "driving" near "Bly's Savannah," which deserve a mention in the POST. Each one was over six feet long and each had eleven rattles and a button. One of them appeared unusually large, and knowing that the throat of a snake is often the shelter of young, in case of danger, it was opened and seven snakes taken out, each nearly two feet long, and each with a rattle. Old residents seem to think this an extraordinary sight, but the whole story is guaranteed to be true.

The editorial correspondence in the *Journal* this morning has a thrilling account of a narrow escape from drowning by a young lady and a young gentleman who got carried out by the undertow near Beaufort. Mr. EDWARD B. ENGELHARD, of this city, did his full share of gallant aid on that occasion, and has the proud satisfaction of knowing that by his exertions, at the risk of his own, he has saved a human life. This is a greater honor than to have taken scores of lives. Of a truth, Peace hath her victories, and to our mind they are greater than those of War.

ACCIDENTALLY KILLED.—Mr. Dempsey Reynolds, aged about 45 years was accidentally killed last week by being thrown from a cart. From a private letter from Bogue postoffice, Columbus county, we learn that Mr. Reynolds was driving an ox cart and was on his way home, when he stopped on the road opposite the dwelling of Mr. James Butler to talk to some acquaintances that were passing, and while there one of Mr. Butler's dogs jumped over the fence frightening Mr. Reynold's ox, which ran off, throwing him on his head. He was picked up and was found to be dead. His neck was broken and skull fractured. The unfortunate man was said to be honest and a hard working man.

ATTEMPTED ROBBERY.—Yesterday evening, between 8 and 9 o'clock, as Master Jonnie Howey was passing the corner of Fourth and Orange streets, he was seized by a colored man, who was in a stooping position, by the collar and throat, and an attempt made to drag him down. The young gentlemen drew a pistol and some neighbor seeing the struggle, rushed to his assistance and the scoundrel escaped. This is the second outrage in that vicinity, and it behooves the police to keep a sharp lookout. There are many children and young girls in that vicinity, constantly passing, and there may be trouble there yet.

AMUSEMENTS AHEAD.—Wyman the ventriloquist and magician has engaged the Opera House for four nights, commencing on the 8th of October.

The dramatic season will be opened on the 15th of October by Miss Lillie Eldridge and a combination troupe and will be followed by other fine actors and good stock companies.

Capt. Pennypacker informs us that we are to have some very fine and noted actors and actresses visit us this season, and it behooves the citizens of Wilmington to turn out and give them good houses, so that our city can be made attractive to strangers from abroad and those of the surrounding counties, especially.

STATE ITEMS.

Only fifty bales of cotton were received in Raleigh last week.

Rowan county brags on a pig sixteen months old and weighs over four hundred pounds.

The Patrons of Husbandry in New Bern want to organize a Banking Institution there.

Gov. Wm. A. Graham is still at the Catawba White Sulphur Springs, much improved in health.

There are four counties yet to be heard from on the late election on the constitutional amendments.

The Fayetteville *Eagle* entertains its mathematical readers with difficult algebraical problems which it has to answer itself.

Adolphus Dupriest and George Holland, kuklux prisoners in the Albany Penitentiary, have been pardoned, and will return home in a few days.

The almost skeleton remains of a man were found last week in Wayne county. No one could give any account of him.

For Superior Court in Cumberland 17th November next, are 201 cases on Civil Issue Docket, and so far 50 on State Docket, and 6 on Appearance Docket.

Contracts are called for to build the Fayetteville and Florence Railroad from the former place to Shoe Heel, on the Carolina Central Railroad, a distance of 34 miles.

The eleventh session of the Presbytery of Wilmington will be opened at Beth-Car Church, Bladen county, on Thursday before the first Sabbath in October next.

The remains of the Hon. D. M. Barringer were taken from the White Sulphur Springs to Baltimore for interment, where the remains of his wife and one or two children now rest.

BLUE RUIN.—W. T. Blackwell, of Durham has paid a revenue tax to the government since January 1st of nearly $140,000. His tax for the year 1872 will overreach $200,000.

There is a woman living in Madison county 100 years old, whose husband went through the revolutionary war, and her second was killed in the war of 1812.—*Asheville Expositor.*

The Goldsboro' *Messenger* delivers itself of a moral lecture on the disgrace of that community regarding the indifference manifested by parents with reference to the education of their sons.

The *Piedmont Press* is seriously inclined to doubt the statement of the *Mountain Messenger* that a rattlesnake was recently killed on Negro Mountain 49 feet and 10 inches long, with 93 rattles.

The Raleigh *News* says: Eighty-six white and forty colored pupils have reported at the two (white and colored) Deaf, Dumb and Blind Institutions, the largest number ever reported by the 1st of October before, and a larger number of new pupils than of any previous year.

The Fayetteville *Eagle* (Democratic) thinks the "*back pay*" matter "one of the meanest swindles ever inflicted on the country, and those who voted for it deserve everlasting disgrace." Every Democratic Congressman from North Carolina—Leach, Shober, Rogers, Waddell, Harper, Ransom, all have shared in the "grab," and not one of them has returned it!

Hon. Greene Kendrick, a native of North Carolina but a resident of Waterbury, Conn., for many years, died at that place on August 27th last. The Charlotte *Observer* says of him: In the Spring of 1829, he removed to Waterbury, where he became actively engaged in various manufacturies, and made a large fortune. He enjoyed the highest confidence and esteem of the citizens of Connecticut; was frequently elected to the House of Representatives and more than once to the Senate. In 1851, he was elected Lieutenant-Governor of the State, and subsequently in an election by the Legislature came within *one vote* of being chosen Governor. He was twice speaker of the House.

The contract for the brick work of the opera house which is to be built in that city, says the Charlotte *Observer*, has been given, and work on it will commence to-morrow week. They have every reason to believe that the house will be such an one as Charlotte can be proud of, and certain it is that it will supply a want which Charlotte has long felt.

The watering-place season is about over, and hundreds of young ladies and gentleman are returning to their accustomed 'aunts.

Washington is beginning to brighten up again, and the boarding-house keepers are speculating on the prospect of a little back-pay.

The recent rain storms has had the effect of dampening the ardor of many of the sojourners at the various watering places, and home is the word.

LATEST BY TELEGRAPH,

NEW YORK.

NEW YORK, September 9.

It appears that the trouble in the New York Warehouse and Security Company arose from relations with two of its directors, Francis Skiddy, importer, of No. 101 Wall street and Shepperd Gandy of 60 Wall street both heavy sugar importers who were directors of New York Warehouse and Security Company, and also directors of the Missouri, Kansas and Texas Railway Company now in course of construction. They had invested so heavily in this road and elsewhere that their large resources and excellent credit could not carry them through, and they therefore obtained loans from the Security Company on the stock and bonds of the latter and other corporations.—The Warehouse and Security Company, however, had a large amount of paper in circulation which was about to mature and unless some of the loans which it had made to Skiddy & Gandy were taken up they could not meet their obligations. Frequent consultations were had, but without any satisfactory result, as the disordered condition of the money market, and the fact that the Kansas, Mo. & Texas securities were not negotiable in Wall street, precluded the making of loans in other and less partial quarters. A meeting of the directors had therefore been called yesterday morning it and was resolved to suspend temporarily and call a meeting of creditors on Thursday to take action in the matter.

Francis Skiddy is head of the firm of Skiddy, Minford & Co., of 101 Wall street, who are among the heaviest importers of sugars in this city. Mr. Skiddy was identified with steamboat, railroad and other interests for many years, and has always borne a good name for financial strength. Shepherd Gaudy is a member of the sugar firm of Shepherd Gaudy & Co., of No. 60 Wall street. Neither of these houses have suspended as yet.

While the seventy-first regiment was parading through 4th street, Williamsburg, this morning, a balcony crowded with spectators, suddenly broke down and all were precipitated to the sidewalk. One person was killed and fifteen more or less severely injured.

It is stated that a number of suits inspired by Jay Gould, will soon be brought against the Erie Railroad Company and directors, personally, for alleged illegal acts done in connection with the recent declaration of dividends.

PROSPECTUS.

THE EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,
BY MAIL,
COMMERCIAL
AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,
AGRICULTURAL,
MECHANICAL, or
COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.

AS A FAMILY PAPER,

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year, $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,
Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.

Very respectfully and truly,
S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work where paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.

WM. E. SINN,
Front Street Theatre.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours, Respectfully,
JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very Respectfully,
EMART & QUARTLEY, 370 W. Baltimore St,
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.

Very Respectfully,
R. DICKEY, M. D.

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
